### **Behind The Words: A Logical and Satirical Guide to the Impossible Defense of Jodi Arias Volume II** By Kim Anne Whittemore

This book is Volume Two of the "Behind The Words" series (#1 Bestsellers in True Crime & Law categories).

When Jodi Arias brutally slaughtered her ex-boyfriend, Travis Alexander, in June, 2008, the story began. Most aspects of this case have been covered -- whether it was the pieced together description of their relationship or the psychology of a killer. What more is there to say? Well, as it turns out, there's plenty more to say.

Jodi Arias was under direct examination for eight days. This volume picks up where volume 1 ended. We begin on the morning of day 5, and we will end on the afternoon of day 8. (Roughly 30-40 hours of direct testimony)

By the end of day 4, Jodi Arias was accusing her victim of being a physical abuser and a pedophile. While there was nothing to corroborate either accusation, Arias paints a detailed story-line filled with plot holes and laughable explanations. This book takes the testimony and pulls it apart -- line by line. With the application of logic and satire, Arias is exposed as the pathological liar she is. If you ever categorized her as a great liar, your opinion of her lying capabilities will be forever altered at the conclusion of this book. She is a terrible liar, and at times, it is hard not to laugh at what she's trying to sell. Her story, when examined under the light of probability and human nature, sounds like something a child would concoct.

Possibly the most laughable portion of this testimony is when she is asked "when she received confirmation" of Travis Alexander's death. You will feel like you are in the Twilight Zone...but it actually happened.

Volume I is available on Amazon as well, and covers days 1 - 4. It is recommended to read that book prior to this one.
