#### HOLLYWOOD’S FAVORITE MOM-STAR TELLS IT LIKE IT IS

Tori Spelling is the first to admit that the “reality” behind her popular television show, *Tori & Dean*, isn’t always real. Not even *Star* magazine could invent the true chaos that happens behind the scenes. Luckily, Tori is famously honest and self-deprecatingly funny when it comes to her personal life. She’s always *Spelling It Like It Is. . . .*

Life is never boring at Tori’s house, but since the release of her New York Times bestselling memoirs *sTORI Telling*, *Mommywood*, and *Uncharted terriTORI*, things have been especially unpredictable: finding out she was pregnant with her third baby after nearly vomiting live on the Home Shopping Network; trying to hide her fourth pregnancy so soon after giving birth (as her stylist said, “Who would be that crazy?”); being rescued from a paparazzo by a mom lynch mob; stalking her celebrity neighbor; and allowing cameras to film every personal detail of her life—from the most challenging time in her marriage to the only time in six years when she really felt as though those cameras invaded her privacy.

Tori shares these stories and many more with the usual humor, candor, and down-to-earth charm that her fans love. She also writes openly about her biggest challenges: the terrifying health problems surrounding her high-risk pregnancy with her youngest son, Finn; her guilt over missing baby Hattie’s early months because she was in the hospital on bed rest; her struggles (and failures) to live within her means after growing up in opulence; the discovery that she has a lot in

common with her late mega-producer father, Aaron Spelling; and how she fell in love with Dean all over again (hint: it didn't happen at their vow renewal ceremony).

After years of revealing her everyday antics on-screen, Tori's life is still full of surprises. Slowing down long enough to enjoy them? Now that's another sTORI.
