Community/Public Health Nursing Practice: Health for Families and Populations, 5e (Maurer, Community/ Public Health Nursing Practice) By Frances A. Maurer MS RN-BC, Claudia M. Smith PhD MPH RN-BC

Focusing on practical, need-to-know information, **Community/Public Health Nursing Practice** helps you learn how to apply the nursing process at the community and family level. It features an engaging, easy-to-understand writing style, as well as assessment tools, detailed case studies, and clinical examples that demonstrate how key concepts apply to real-world practice. Additional resources on the companion Evolve website expand and enhance content within the text.

- **Practical features** including *Case Studies*, *Ethics in Practice*, and *The Nursing Process in Practice* illustrate real-world applications of key community/public health nursing concepts.
- **A complete unit on the community as client** helps you understand how the assessment, diagnosis, planning, intervention, and evaluation steps of the nursing process apply to the community, as opposed to an individual.
- **A chapter devoted to community assessment** provides a complete assessment tool and shows you how the tool applies to two different types of communities.
- **UNIQUE!** A chapter on **screening and referral promotes population-focused practice**, which is the crux of community/public health nursing.
- **A separate unit on the family** emphasizes the importance of viewing the family as a singular client.
- **A complete discussion of the Minnesota Wheel** helps you better understand this widely-accepted framework for community/public health nursing practice.
- **Helpful sections** such as *Focus Questions*, *Chapter Outlines*, *Key Ideas*, and *Learning by Experience and Reflection* help you pinpoint essential information.
- **NEW! Healthy People 2020 objectives** throughout the text help you identify common health risk factors in populations and families.
- **NEW! Coverage of health care reform**, including the Patient Protection and Affordable Care Act of 2010 (PPACA), explores how current health care

legislation impacts community/public health nursing.

- **NEW! Discussions of community health "hot button" issues**, such as human trafficking, genital circumcision, and bullying, introduce you to today's health care challenges.
- **NEW! Information on weather-related disaster fatalities, bioterrorism, and national and state planning responses** familiarize you with current, relevant issues which affect the health of populations worldwide and shape the role of the community/public health nurse.

Editorial Review

Review

"This book is intended mainly for degree nursing students, but it is also useful to those returning to nursing practise...One of the book's strengths is the focus on the family, and the micro culture within it...I would recommend this book as a useful reference to anyone who needs to consider the global perspective."

Journal of Community Nursing, March 2010

Users Review

From reader reviews:

Trisha Sherman:

Book will be written, printed, or descriptive for everything. You can learn everything you want by a guide. Book has a different type. As it is known to us that book is important factor to bring us around the world. Adjacent to that you can your reading skill was fluently. A book Community/Public Health Nursing Practice: Health for Families and Populations, 5e (Maurer, Community/ Public Health Nursing Practice) will make you to possibly be smarter. You can feel a lot more confidence if you can know about every thing. But some of you think that open or reading any book make you bored. It is not necessarily make you fun. Why they are often thought like that? Have you searching for best book or suitable book with you?

Lewis Wood:

Reading a book tends to be new life style on this era globalization. With reading you can get a lot of information which will give you benefit in your life. Together with book everyone in this world may share their idea. Guides can also inspire a lot of people. A lot of author can inspire their own reader with their story or maybe their experience. Not only the storyplot that share in the books. But also they write about the knowledge about something that you need instance. How to get the good score toefl, or how to teach children, there are many kinds of book which exist now. The authors these days always try to improve their ability in writing, they also doing some exploration before they write for their book. One of them is this Community/Public Health Nursing Practice: Health for Families and Populations, 5e (Maurer, Community/ Public Health Nursing Practice).

Odis Hillyard:

In this age globalization it is important to someone to find information. The information will make a professional understand the condition of the world. The healthiness of the world makes the information easier to share. You can find a lot of personal references to get information example: internet, classifieds, book, and soon. You can see that now, a lot of publisher that print many kinds of book. The actual book that

recommended for you is Community/Public Health Nursing Practice: Health for Families and Populations, 5e (Maurer, Community/ Public Health Nursing Practice) this publication consist a lot of the information on the condition of this world now. This book was represented how does the world has grown up. The words styles that writer use to explain it is easy to understand. The particular writer made some exploration when he makes this book. That's why this book suited all of you.

William Lyons:

Do you like reading a guide? Confuse to looking for your preferred book? Or your book ended up being rare? Why so many problem for the book? But virtually any people feel that they enjoy regarding reading. Some people likes reading through, not only science book and also novel and Community/Public Health Nursing Practice: Health for Families and Populations, 5e (Maurer, Community/ Public Health Nursing Practice) as well as others sources were given understanding for you. After you know how the fantastic a book, you feel need to read more and more. Science e-book was created for teacher as well as students especially. Those textbooks are helping them to bring their knowledge. In additional case, beside science e-book, any other book likes Community/Public Health Nursing Practice: Health for Families and Populations, 5e (Maurer, Community/ Public Health Nursing Practice) to make your spare time a lot more colorful. Many types of book like this one.
