Globalization: The Key Concepts By Thomas Hylland Eriksen

For the first time in human history, the vast majority of the world's population is connected through trade, travel, production, media and politics. Ours is an era of ubiquitous mobile communication, economic outsourcing, mass migration and imported consumer goods. At the same time, people everywhere are concerned to keep their identities rooted and sense of place in the face of momentous change.

This new edition of Thomas Hylland Eriksen's concise and engaging landmark textbook outlines the main debates and controversies around globalization, and develops a unique perspective to show how globalization is an inherently double process, taking place both from above and below. Each chapter is supported by boxed case studies and bullet points summarizing the core information, suggestions for further reading, and essay and discussion questions, making this the ideal guide for both the classroom and independent study. Focusing on key concepts of globalization and drawing on international examples, this book is essential for anyone wishing to understand the fundamental processes underlying the contemporary world and the consequences these have for all of us.

Editorial Review

Review

This book does an excellent job of defining key concepts and terms in a clear, accessible and engaging way, without 'dumbing down'. The case studies are interesting, drawing on a variety of different cultures, countries and regions, to illustrate the concepts at hand. Caroline A. Hartzell, Professor of Political Science, Gettysburg College, USA This is a great introduction to the study of globalization! To organize the text along key concepts is a brilliant idea as it helps students to understand the complex integration of various dimensions of globalization and pushes them to ask new and pertinent questions. Sylva Frisk, University of Gothenburg, School of Global Studies, Sweden Globalization: The Key Concepts cuts through the vast scholarship on globalization with powerful, simple ideas. Packed with thought-provoking examples, this book is accessible and intelligent, providing a good grounding in the fundamentals while introducing students to major scholarly debates. An excellent introduction to the field. Emma Reisz, Lecturer in Asian History, History and Anthropology, Queen's University Belfast, UK Eriksen's book is perhaps the best one volume survey on globalization available. With a clear and conversational writing style, he weaves together theory, explanation and contemporary examples into an effective overview of the causes, consequences, concepts, and debates regarding globalization. Mark Dailey, Associate Professor of Anthropology, Green Mountain College, USA

About the Author

Thomas Hylland Eriksen is Professor of Social Anthropology at the University of Oslo, Norway.

Users Review

From reader reviews:

Gary Lopez:

Here thing why this Globalization: The Key Concepts are different and reliable to be yours. First of all examining a book is good but it depends in the content from it which is the content is as tasty as food or not. Globalization: The Key Concepts giving you information deeper since different ways, you can find any e-book out there but there is no reserve that similar with Globalization: The Key Concepts. It gives you thrill looking at journey, its open up your own eyes about the thing in which happened in the world which is maybe can be happened around you. You can bring everywhere like in playground, café, or even in your means home by train. If you are having difficulties in bringing the branded book maybe the form of Globalization: The Key Concepts in e-book can be your alternative.

Ryan Wysocki:

Why? Because this Globalization: The Key Concepts is an unordinary book that the inside of the publication waiting for you to snap this but latter it will shock you with the secret the idea inside. Reading this book next to it was fantastic author who else write the book in such amazing way makes the content within easier to understand, entertaining approach but still convey the meaning entirely. So , it is good for you because of not hesitating having this nowadays or you going to regret it. This book will give you a lot of positive aspects than the other book get such as help improving your expertise and your critical thinking means. So , still want to hold up having that book? If I had been you I will go to the reserve store hurriedly.

Mary McDonald:

As we know that book is important thing to add our knowledge for everything. By a reserve we can know everything we want. A book is a set of written, printed, illustrated as well as blank sheet. Every year has been exactly added. This book Globalization: The Key Concepts was filled with regards to science. Spend your extra time to add your knowledge about your science competence. Some people has various feel when they reading some sort of book. If you know how big advantage of a book, you can really feel enjoy to read a publication. In the modern era like now, many ways to get book you wanted.

Francis Gibbs:

As a college student exactly feel bored for you to reading. If their teacher questioned them to go to the library or to make summary for some e-book, they are complained. Just minor students that has reading's internal or real their passion. They just do what the instructor want, like asked to go to the library. They go to presently there but nothing reading significantly. Any students feel that reading through is not important, boring along with can't see colorful pictures on there. Yeah, it is to be complicated. Book is very important for you personally. As we know that on this time, many ways to get whatever we wish. Likewise word says, ways to reach Chinese's country. So , this Globalization: The Key Concepts can make you sense more interested to read.
