### Editorial Review

From the Inside Flap

Though reluctant to leave her Mississippi home, Hannah Dandridge follows her father west to care for her siblings. When her father is awarded a ranch on the Texas plains for his support and work for the Confederacy, she begins to blossom in this new way of life.

But when she receives word that her father has been taken prisoner by the Yankees, her future becomes uncertain. An offer of marriage could solve her problems, but Hannah's heart falters at the thought. Instead she determines to remain on the ranch with her siblings and the hired help.

Then wounded Union soldier William Barnett arrives, claiming the ranch as his own...

From the Back Cover

Hannah is desperate for help...

William is determined to regain his family's land...

When her father disappears in war-torn Mississippi, Hannah Dandridge finds herself responsible not only for her younger siblings but also for the Texas ranch her father recently acquired. A marriage of convenience could ease her predicament... but is it the true desire of her heart?

Wounded soldier William Barnett returns home only to find out that his family's ranch has been seized. Though angered at this turn of events, he's surprised to discover that it is a beautiful young woman with amazing fortitude who is struggling to keep the place running.

Despite these circumstances, Hannah and William form an uneasy truce... and an undeniable attraction builds between them. In a land where loyalties are divided in a country ravaged by war, is there any hope that the first blush of love can survive?
