Editorial Review

From the Back Cover

In Flywater, the magic and majesty of the Western North American fly fishing experience is captured with consummate skill through the photography of Grant McClintock and with rare insight through the writing of Mike Crockett. With the help of their friend Jack Hemingway, who wrote the book's introduction, these anglers set out on a year's sojourn through the West visiting some of the nation's most renowned trout and steelhead rivers. They came away from their travels with the photographs, tales, and memories which became the book Flywater. Though the pictures and words are personal reflections, Flywater offers the universal qualities of beauty, reverence, and humor which elevate fly fishing from sport to art. The captions alone would make a book. Coupled with McClintock's rich photo images, they create a compelling journey that the reader, whether fisherman or non-fisherman, will thoroughly enjoy. Flywater is a gallery of moments, places, people, ideas. For the serious fly fisherman, it is an album of shared experiences. For the uninitiated, it is an artfully crafted guidebook to an exotic new world that really does exist on the streams and rivers of the West. (11 1/4 X 9 1/2, 148 pages, color photos)

Users Review

From reader reviews:

Paul Ring:

Do you have favorite book? In case you have, what is your favorite's book? Publication is very important thing for us to find out everything in the world. Each publication has different aim or perhaps goal; it means that book has different type. Some people sense enjoy to spend their a chance to read a book. They can be reading whatever they consider because their hobby will be reading a book. Why not the person who don't like looking at a book? Sometime, man feel need book when they found difficult problem or perhaps exercise. Well, probably you will need this Flywater.

Lynn Lambert:

The book Flywater can give more knowledge and also the precise product information about everything you want. Exactly why must we leave the good thing like a book Flywater? A few of you have a different opinion about publication. But one aim this book can give many info for us. It is absolutely suitable. Right now, try to closer together with your book. Knowledge or info that you take for that, you may give for each other; it is possible to share all of these. Book Flywater has simple shape but the truth is know: it has great and massive function for you. You can appear the enormous world by wide open and read a book. So it is very wonderful.

John Casper:

The actual book Flywater has a lot of knowledge on it. So when you check out this book you can get a lot of help. The book was written by the very famous author. The author makes some research just before write this book. This kind of book very easy to read you will get the point easily after perusing this book.

Tessa Krieger:

Are you kind of busy person, only have 10 or 15 minute in your morning to upgrading your mind expertise or thinking skill even analytical thinking? Then you are receiving problem with the book compared to can satisfy your limited time to read it because this time you only find reserve that need more time to be examine. Flywater can be your answer mainly because it can be read by anyone who have those short spare time problems.
