### Occupants By Henry Rollins

For the past twenty-five years, Henry Rollins has searched out the most desolate corners of the Earth—from Iraq to Afghanistan, Thailand to Mali, and beyond—articulating his observations through music and words, on radio and television, and in magazines and books. Though he's known for the raw power of his expression, Rollins has shown that the greatest statements can be made with the simplest of acts: to just bear witness, to be present.

In *Occupants*, Rollins invites us to do the same. The book pairs Rollins's visceral full-color photographs—taken in Bangladesh, Burma, Cambodia, India, Indonesia, Northern Ireland, Saudi Arabia, South Africa, and elsewhere over the last few years—with writings that not only provide context and magnify the impact of the images but also lift them to the level of political commentary. Simply put, this book is a visual testimony of anger, suffering, and resilience. *Occupants* will help us realize what is so easy to miss when tragedy and terror become numbing, constant forces—the quieter, stronger forces of healing, solidarity, faith, and even joy.
