5.0 out of 5 stars Tremendous amount of info & highly recommended, 11 Dec 2009 I got these books from one of John Lees property events which was amazing! This book covered everything I needed to learn lease options in the UK (unlike many of the other books which seemed to be for the US!) The first part of the book helped me get to grips with how lease options works in theory which helped me understand the concept. Then the book covered the creative strategies and gave me the tools, advice and information in actually doing property deals using these techniques so I could start on my own. I would thoroughly recommend this book to anyone who is wanting to learn about Lease Options - it gives you understanding from beginner level to advanced. By Nick Wray
