Editorial Review

From [Booklist](#)

The Disney studio returns to form with its take on that ancient superhero, Hercules. No Quasimodo (hero of last year's tepidly received *Hunchback of Notre Dame*), the Greek demigod is in the Disney mold: young, good lookin', a bit naive. Furthermore, his mythic story provides fantasy elements like those in Disney's most memorable films. Like the book tie-ins to other recent Disney animated features, this handsome coffee-table traces the new film's history and production with hundreds of color and black-and-white illustrations and commentary from its creators. The volume's highlight is a section of drawings by production designer Gerald Scarfe, best known for his work on the film of the rock group Pink Floyd's album *The Wall*. Scarfe's loopy, chaotic style is quite a departure from the usual, homogenized Disney approach, and if his distinctive character designs survive in the finished film, *Hercules* may go down in Disney annals for something other than truckloads of box-office proceeds. *Gordon Flagg*

Users Review

From reader reviews:

Tonia Jensen:

This *The Art of Hercules: The Chaos of Creation* book is not really ordinary book, you have it then the world is in your hands. The benefit you obtain by reading this book will be information inside this reserve incredible fresh, you will get information which is getting deeper anyone read a lot of information you will get. That *The Art of Hercules: The Chaos of Creation* without we recognize teach the one who examining it become critical in imagining and analyzing.
