Electrical Wiring Residential By Ray C. Mullin

This bestselling book has already helped tens of thousands of readers to learn the basics of residential wiring in both new and existing homes, and it is now updated to comply with the 2008 National Electrical Code. Electrical Wiring Residential, 16E uses a practical approach and comprehensive coverage to guide readers step-by-step through the critical tasks and responsibilities that face today's professional residential electricians. With new coverage of energy conservation laws like Title 24, as well as updated coverage of today's important concepts like ground fault circuit interrupters, smoke, heat, and carbon monoxide alarms, and 2008 NEC requirements for house wiring, readers can feel confident they are getting the very latest in industry standards and procedures. A complete set of residential building plans is also included, offering opportunities for hands-on practice in interpreting and applying Code requirements and making this an ideal resource for anyone who will work in the residential electricity industry.

Editorial Review

About the Author

Ray C. Mullin is a former electrical instructor for the Wisconsin Schools of Vocational, Technical, and Adult Education. Prior to his retirement, he served as district manager, regional manager, regional vice president, and ultimately director technical liaison for a major electrical manufacturer. He also served on the NFPA Code Making Panel 4 of the National Electrical Code. A former journeyman and supervisor for residential, commercial, and industrial installations, he has taught electrical apprentice and journeyman courses, conducted numerous technical and Code seminars, written many articles for electrical trade publications, and consulted for electrical equipment manufacturers on legal issues. A former member of the Executive Board of the Western Section of the International Association of Electrical Inspectors, he is a member of the Institute of Electrical and Electronic Engineers and National Fire Protection Association, Electrical Section. He attended the University of Wisconsin, Milwaukee School of Engineering, and Colorado State University.

Users Review

From reader reviews:
