Editorial Review

Review

"The Bible is under more scrutiny than ever before. Yet Jonathan Morrow is up to the task! Questioning the Bible offers insightful and well-researched responses to the top objections. It is ideal for the person who genuinely wants to know whether the Bible can be trusted. I highly recommend it for individuals and group study." - **Sean McDowell, PhD is an assistant professor at Biola university, popular speaker, and the author of *Apologetics for a New Generation***

"Anyone who thinks apologetics is no longer important doesn't know the world students live in and the questions they ask (and are being asked). But Jonathan Morrow knows students. He knows what they need to know, and that's why this book is so helpful. In it, you will find clear, concise answers that Christians, especially students, need when (not if) the truthfulness of their faith is challenged." - **John Stonestreet, Senior Fellow of Worldview and Culture for the Colson Center for Christian Worldview and co-host of BreakPoint radio**

"For the skeptic, the Bible is a big target. He raises serious questions about alleged errors, apparent contradictions, canonicity, authorship, textual corruption, morality and much more.... Tragically, most believers have no adequate response and when the challenges come, most retreat into an anti-intellectual privatized "faith" or worse, lose all confidence in the Bible's authority as well.... That's why Jonathan's book is so important. He answers the most pressing objections to the Bible in a way that is intelligent, relevant and accessible. You don't have to be a scholar to defend the Bible, you just need this book." - **Brett Kunkle, Student Impact Director at Stand to Reason**
