**Present Past: Modernity and the Memory Crisis** By Richard Terdiman

This book is about memory?about how the past persists into the present, and about how this persistence has been understood over the past two centuries. Since the French Revolution, memory has been the source of an intense disquiet. Fundamental cultural theories have sought to understand it, and have striven to represent its stresses.

### **Editorial Review**

#### Review

"This breathtaking explication of the importance of memory in modernity sets the stage for brilliant readings that analyze a series of canonical works as symptoms of and reflections on the memory crisis. . . . Present Past is most importantly a contribution to our historical understanding of modernism and modernity."?Eugene W. Holland, *Nineteenth-Century French Studies*

### **Users Review**

#### **From reader reviews:**

##### **Mary Davis:**

What do you with regards to book? It is not important along with you? Or just adding material when you need something to explain what the one you have problem? How about your spare time? Or are you busy individual? If you don't have spare time to complete others business, it is make you feel bored faster. And you have extra time? What did you do? Every individual has many questions above. They should answer that question because just their can do that. It said that about reserve. Book is familiar in each person. Yes, it is proper. Because start from on jardín de infancia until university need this Present Past: Modernity and the Memory Crisis to read.

##### **Darlene Lewis:**

As people who live in often the modest era should be upgrade about what going on or info even knowledge to make these people keep up with the era which can be always change and make progress.
