Research Methods in International Relations By Christopher Lamont

This book guides you through the entirety of the research process in International Relations, from selecting a research question and reviewing the literature to field research and writing up. Covering both qualitative and quantitative methods in IR, it offers a balanced assessment of the key methodological debates and research methods within the discipline.

The book:

- Is specifically focussed on research methods used in International Relations.
- Spans the entire research process from choosing a research question to writing up.
- Provides practical research methods guidance.
- Introduces you to broader methodological debates and brings together contemporary research from empirical and interpretive traditions.
- Is packed with examples and suggestions for further reading.

Research Methods in International Relations is essential reading for both undergraduate and postgraduate students taking Research Methods courses in International Relations, Politics, Security and Strategic Studies.

Editorial Review

Review

Comprehensive in its approach and filled with practical examples, *Research Methods in International Relations* is certain to prove a valuable resource for both undergraduate and postgraduate research methods classes. In particular, the author deserves great credit for the clarity of his explanations and the neutrality with which he addresses key methodological debates.

(Assistant Professor James Brown,)

A concise introduction to research methods in international relations, one that is particularly suitable for undergraduate students or beginner researchers... The accessible style allows the author to provide practical assistance to students dealing with common hurdles, such as writing good literature reviews and embarking on field research. (Daniela Lai, Royal Holloway, University of London)

About the Author

Dr. Christopher Lamont is Assistant Professor of International Relations in the Department of International Relations and International Organization at the University of Groningen in the Netherlands. He is also co-Chair of Research in Ethics and Globalisation within the Globalisation Studies Groningen institute. He has taught a number of research methods classes in International Relations, including Methodologies in International Relations, Methodologies and Research Practice, Research Methods in History and International Relations and Research Methods for Area Studies. Previously, Dr. Lamont was a RCUK postdoctoral research fellow in the Transitional Justice Institute at the University of Ulster in Northern Ireland and a Fulbright fellow at the University of Zagreb in Croatia. He holds a PhD in Politics from the University of Glasgow, an MSc in International and European Politics from the University of Edinburgh and a BA in International Studies from the University of Mississippi. His research interests include human rights and transitional justice, and his current research focuses on transitional justice in the Middle East and North Africa with a particular focus on Libya and Tunisia. He has published widely on the subject, including his monograph, *International Criminal Justice and the Politics of Compliance* (Ashgate, 2010), numerous peer reviewed journal articles and contributions to edited volumes.

Users Review
