Editorial Review

From the Back Cover

This is the ultimate Laser sailing manual. It shows you:

- How to set up new control lines.
 - How to master the 4.7 Radial and Standard rigs.
 - How to go fast - upwind and downwind.
 - How to avoid common mistakes.
 - How to outsmart the opposition.
1. Do you fall in on the run?
 2. Does your mainsheet catch round the back?
 3. How did you rig the outhaul?
 4. Which end of the startline should you choose?

The Laser Book tells you everything you always wanted to know about Laser sailing....but were too busy righting the boat to ask!

Packed with practical advice on rigging, launching and sailing in all conditions, this is **THE** manual for all Laser sailors. With its help a complete beginner can become a competent club racer within weeks of getting afloat, and go on to become a winner. More experienced sailors will find the go-fast tips from champion racers invaluable.

This fourth edition contains brand new sections on the Radial and 4.7 rigs and the Standard section has been completely updated. Each rig now has a key settings chart to help you make rapid adjustments for maximum speed in all conditions. The new control lines are also covered in full. Over 270 stunning new colour photos and 45 colour diagrams take you through key techniques and manoeuvres in easy-to-follow sequences.
