## Introduction to Forensic Anthropology By Steven N. Byers

This book provides comprehensive coverage of the methods and issues in the current practice of forensic anthropology. It introduces students to all the major topics in the field, with material ranging from the attribution of ancestry and sex, to various forms of bone trauma, to identification through radiography.

Introduction to Forensic Anthropology uses the terminology and best practices recommended by the Scientific Working Group for Forensic Anthropology (SWGANTH). The fifth edition has been fully updated in light of recent developments, incorporating new and improved methods as well as fresh data. The section on human osteology and odontology in particular has been expanded.

This accessible and engaging text offers an array of features to support teaching and learning, including:

- boxed case studies
- extensive figures and photographs
- chapter summaries and student exercises
- a glossary of terms
- further resources via a companion website.

## **Editorial Review**

### Review

A superb update of one of the most comprehensive introductory texts for teaching forensic anthropology, especially in North America. Intended for undergraduate students, this richly illustrated and easy to read compendium remains the go-to single reference for students, instructors, and professionals interested in the basics of forensic anthropology. *Michael Pietrusewsky, University of Hawaii at Manoa, USA*

### About the Author

**Steven N. Byers** has a Ph.D. in Anthropology from the University of New Mexico (UNM), USA. Now retired, he worked for a number of years on various campuses of UNM, teaching courses in Forensic Anthropology, Biological Anthropology, and Archaeology. He is currently serving on the Anthropology Consensus Body of the American Academy of Forensic Sciences Standards Board, in addition to focusing on Southeastern United States bioarchaeology. Byers' publications with Taylor & Francis include *Introduction to Forensic Anthropology* (in its 5th edition), and *Forensic Anthropology Lab Manual* (in its 4th edition).
