The First Amendment: Cases, Problems, and Materials By Russell L. Weaver, Catherine Hancock, John C. Knechtle

This new Fourth Edition of *The First Amendment: Cases, Problems and Materials* continues the problem-based approach of the prior editions, with its emphasis on longer cases (so that the court can speak for itself) and fewer notes.

The Fourth Edition includes:

the most up-to-date cases, including *Stevens*, *Brown Entertainment*, *Alvarez* freshened and updated problems.

In creating this book, the authors of *The First Amendment* sought to create a "teacher's book" - a book that is easy to use, that produces rewarding classroom discussion, and that enables students to learn the concepts, doctrines, and analytical tools that underlie the First Amendment. It is designed to help students understand First Amendment theory, lead students to greater insights, generate classroom interactivity, and facilitate effective and inspired learning. It accomplishes these objectives through the inclusion of problems.

The problems are designed to illustrate and clarify doctrinal principles and conflicts, place students in real-life litigation scenarios, help students view First Amendment issues in modern and historical context, and prepare students for actual practice. Some problems raise questions about ambiguous doctrines, while others ask students to apply existing doctrine to new situations. Most problems place students in the position of a lawyer and ask them to explain how they might argue a particular case (e.g., what facts or arguments they might use in support of their positions). The ultimate objective is to advance student ability to solve problems using critical thinking and thereby accelerate development of a core lawyering skill.

Tradeoffs are necessary for any constitutional law casebook, and this book is no different. Although it includes the landmark cases, it does not attempt to catalog every decision (even every United States Supreme Court ruling) in each of the relevant areas. The authors have chosen cases for a variety of reasons: because they are modern cases that reflect the current state of the law; because they are "landmarks" that students need to read and understand; or because (even though they might be older cases) they provide critical context or enrich understanding

and perspective.

Editorial Review

Users Review

From reader reviews:

Betty Castaneda:

In this 21st one hundred year, people become competitive in each way. By being competitive now, people have do something to make them survives, being in the middle of the particular crowded place and notice by surrounding. One thing that sometimes many people have underestimated the idea for a while is reading. Yeah, by reading a e-book your ability to survive increase then having chance to stand up than other is high. For you who want to start reading some sort of book, we give you that The First Amendment: Cases, Problems, and Materials book as starter and daily reading publication. Why, because this book is usually more than just a book.

Bruce Benedict:

Information is provisions for individuals to get better life, information nowadays can get by anyone in everywhere. The information can be a information or any news even restricted. What people must be consider when those information which is inside former life are challenging to be find than now could be taking seriously which one is appropriate to believe or which one often the resource are convinced. If you obtain the unstable resource then you obtain it as your main information we will see huge disadvantage for you. All those possibilities will not happen in you if you take The First Amendment: Cases, Problems, and Materials as the daily resource information.

Denise Zimmerman:

That publication can make you to feel relax. This kind of book The First Amendment: Cases, Problems, and Materials was colorful and of course has pictures on there. As we know that book The First Amendment: Cases, Problems, and Materials has many kinds or style. Start from kids until youngsters. For example Naruto or Private investigator Conan you can read and feel that you are the character on there. Therefore not at all of book tend to be make you bored, any it offers you feel happy, fun and rest. Try to choose the best book for you and try to like reading which.

James Snider:

What is your hobby? Have you heard that will question when you got learners? We believe that that query was given by teacher with their students. Many kinds of hobby, Everybody has different hobby. And you know that little person including reading or as reading through become their hobby. You need to understand that reading is very important along with book as to be the thing. Book is important thing to include you

knowledge, except your personal teacher or lecturer. You will find good news or update regarding something by book. Numerous books that can you decide to try be your object. One of them is actually The First Amendment: Cases, Problems, and Materials.
